

From torus geometry to behavior

Mouse EEG sleep staging and macaque reach-direction decoding

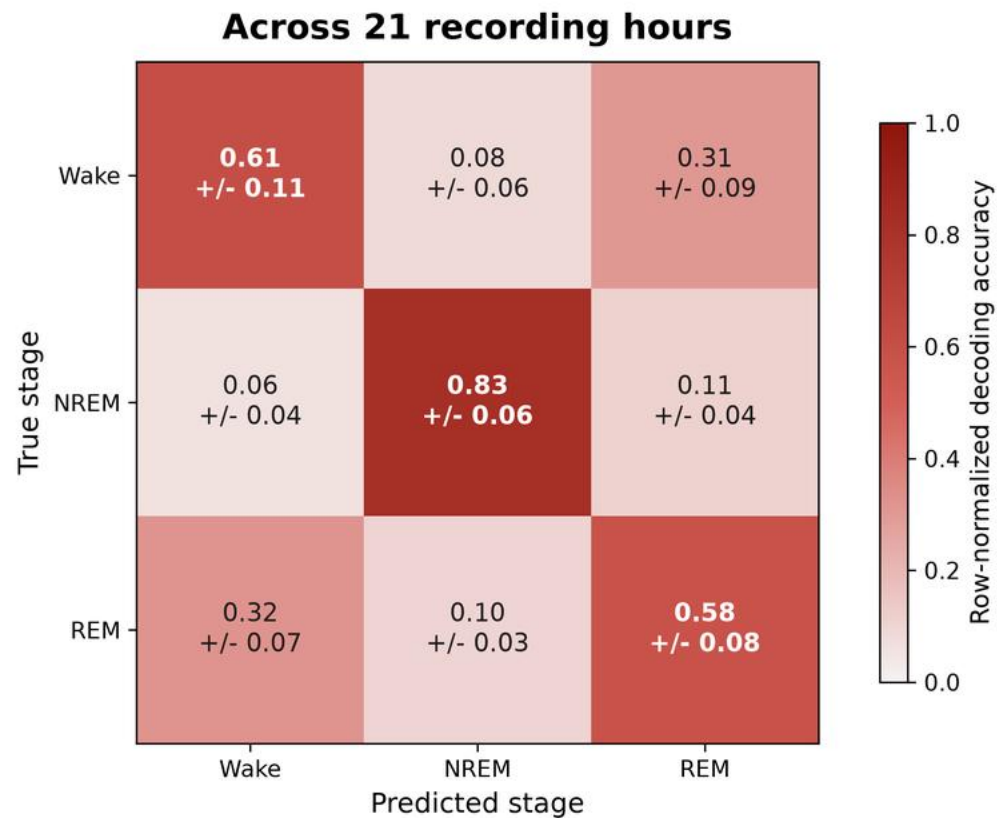

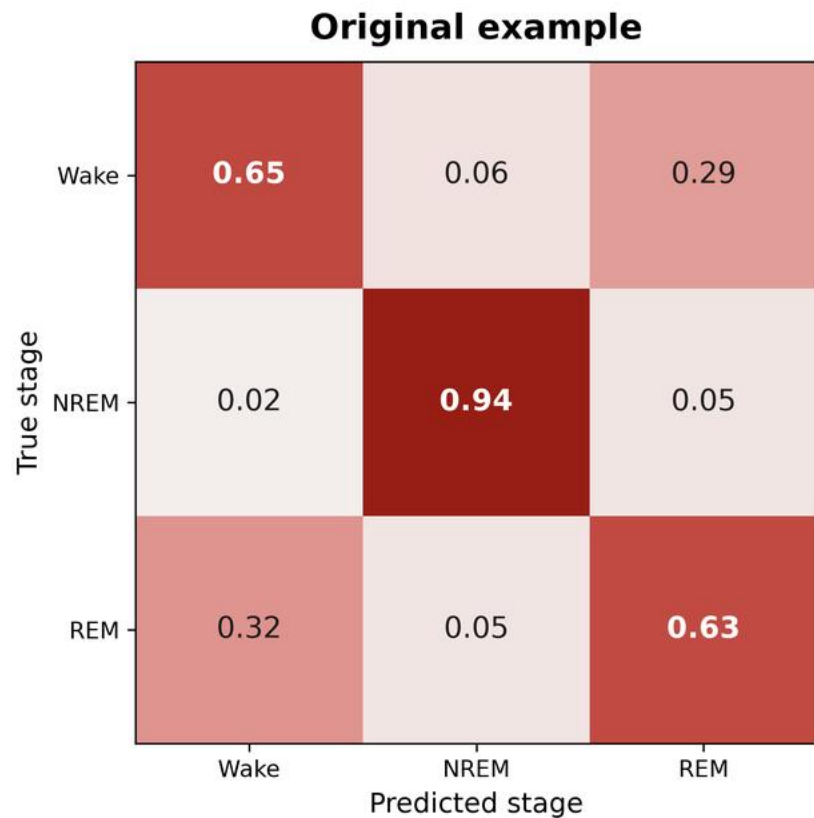

Mouse EEG sleep staging | Macaque reach-direction decoding

NeurIPS rebuttal experiments - application section

Sleep geometry

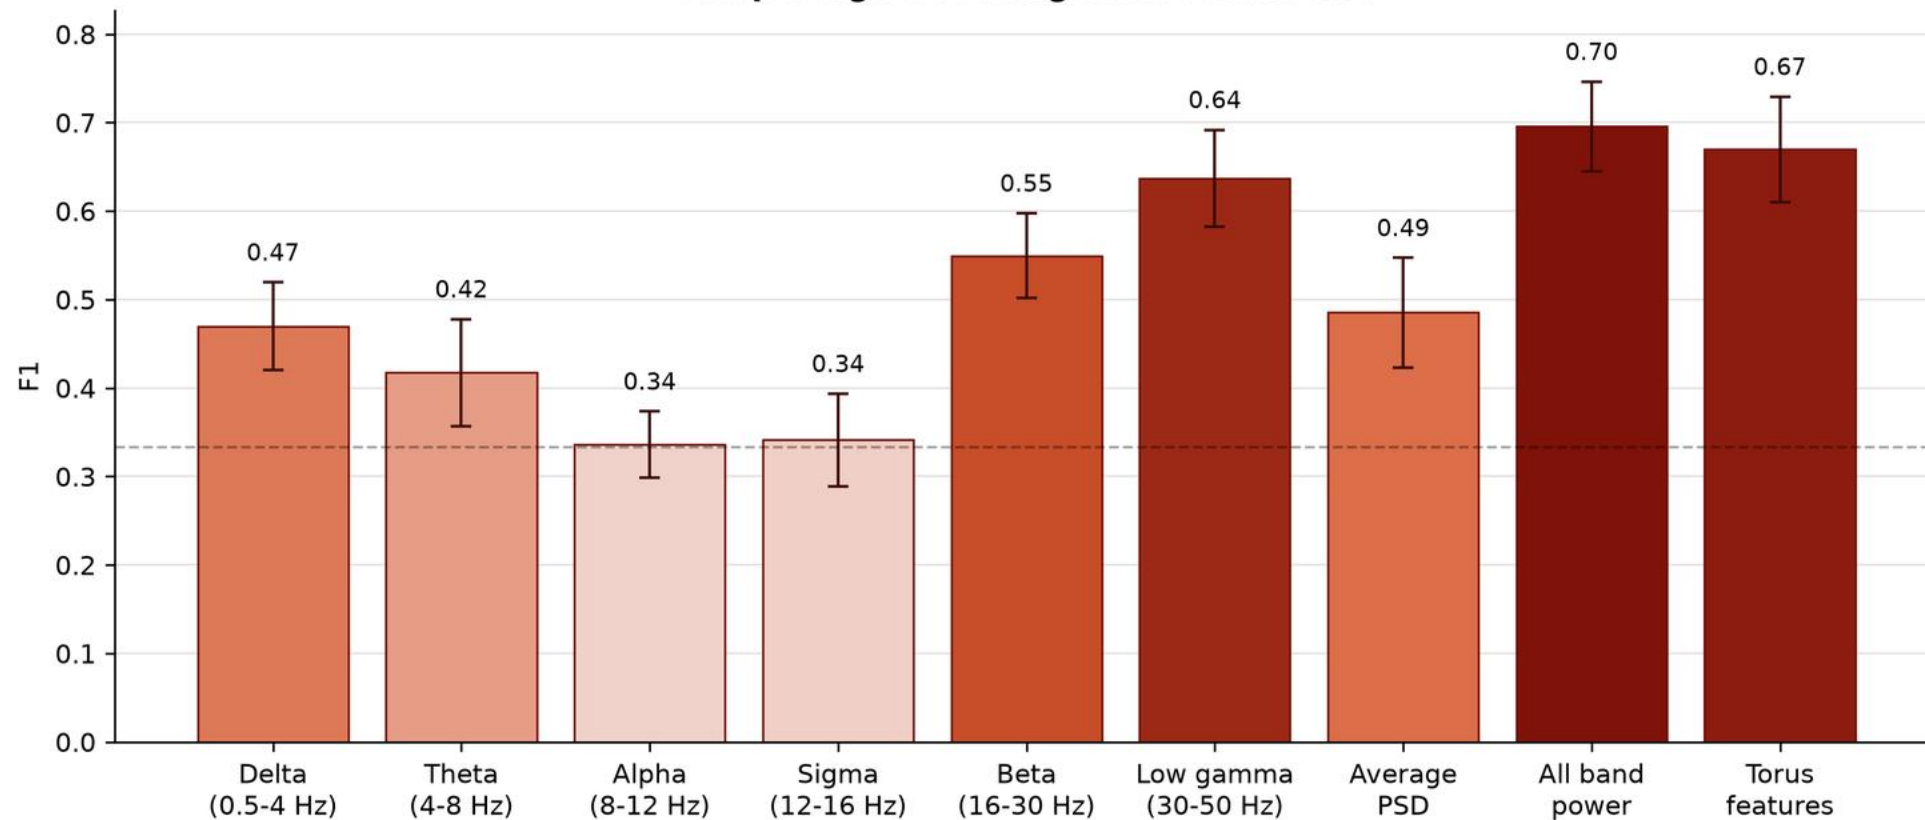

Sleep-stage decoding

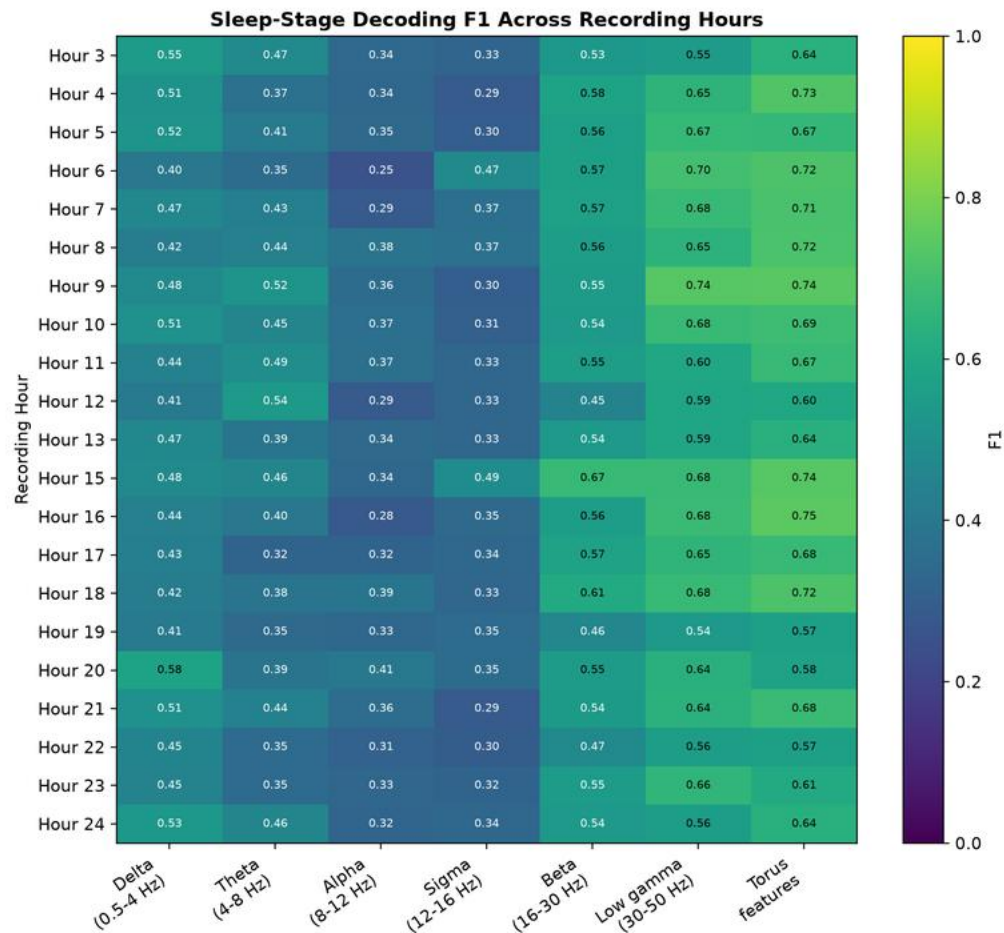

EEG feature comparison

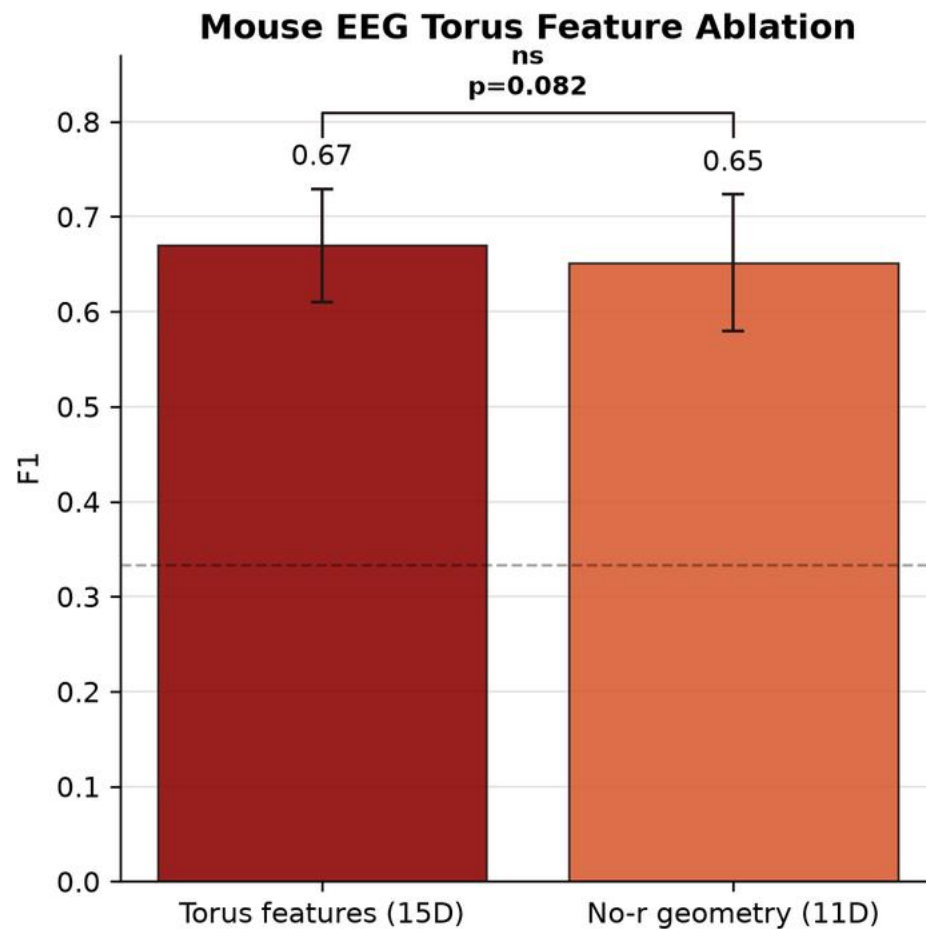

Sleep-Stage Decoding From Mouse EEG

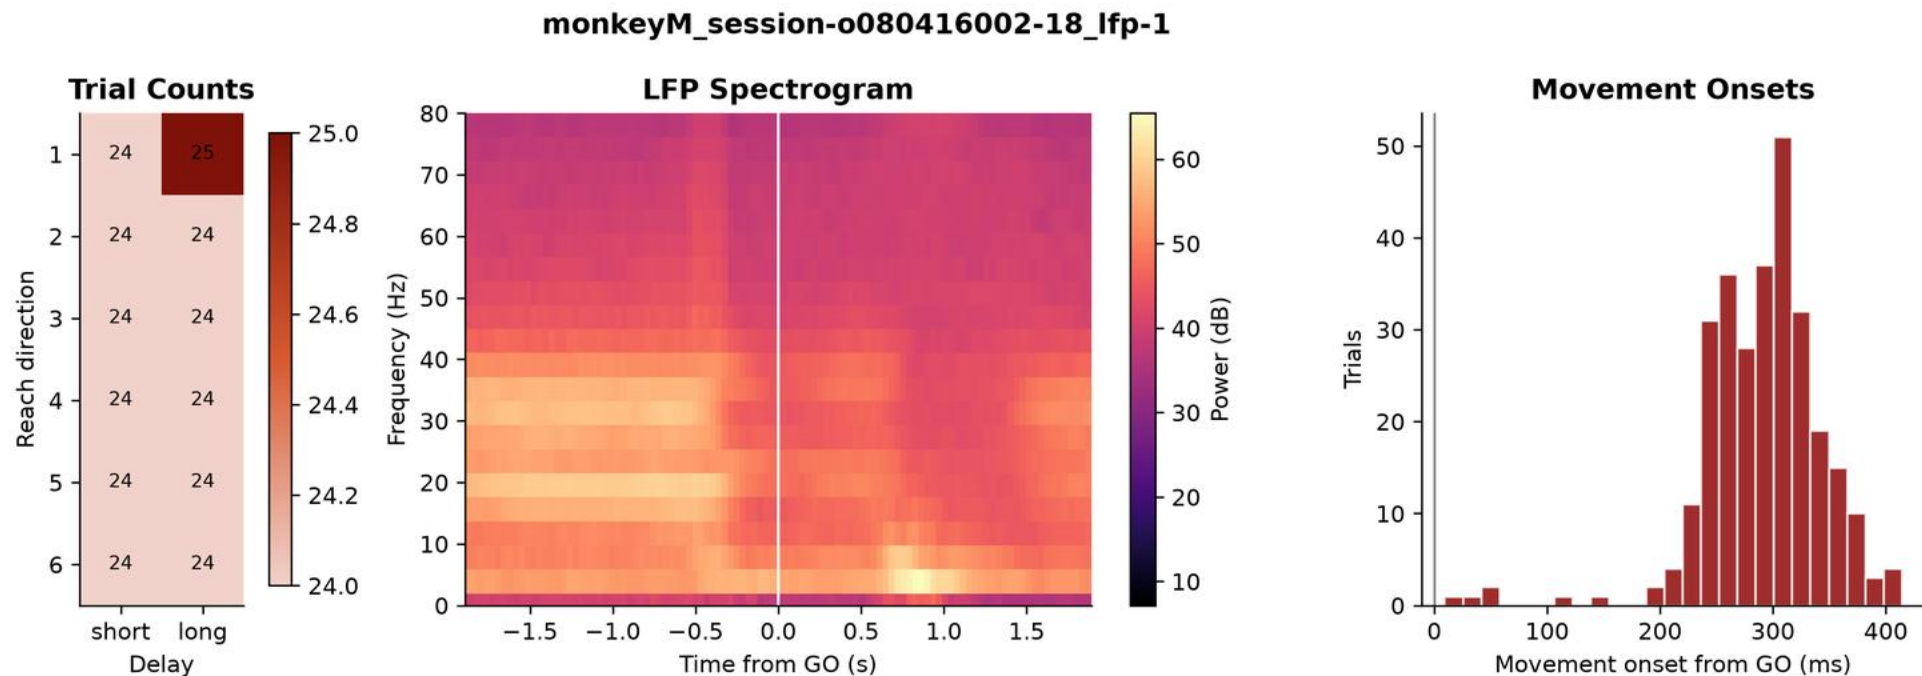

Across-hour stability

Radius-feature ablation

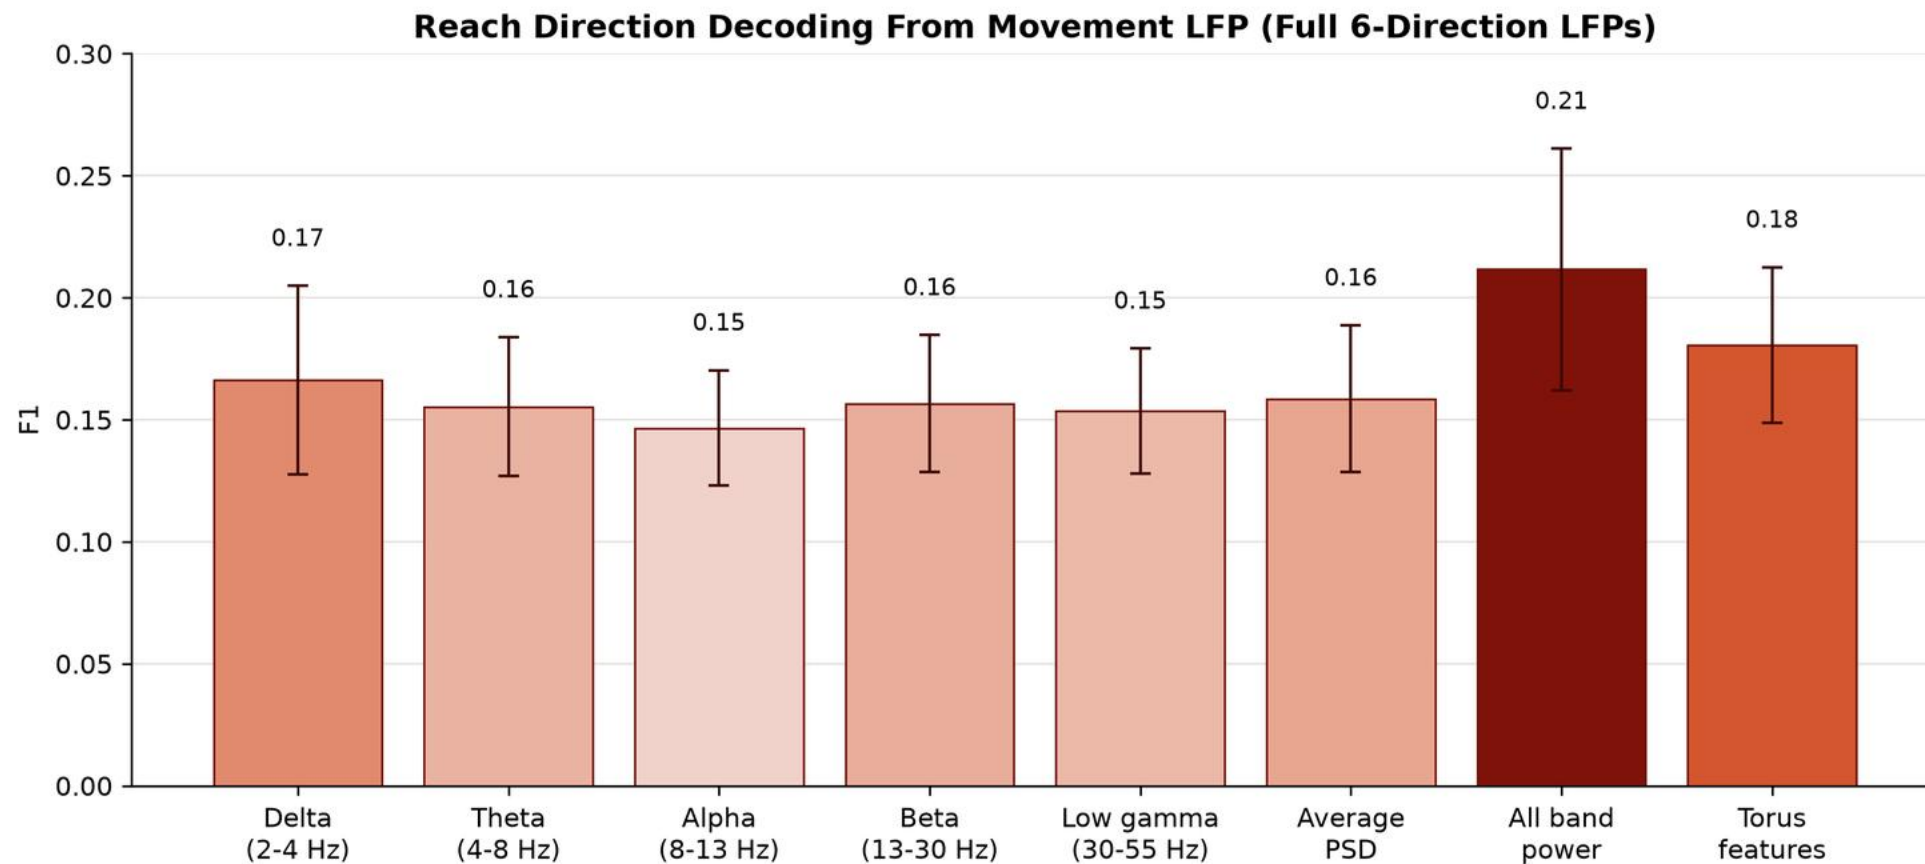

Reaching task

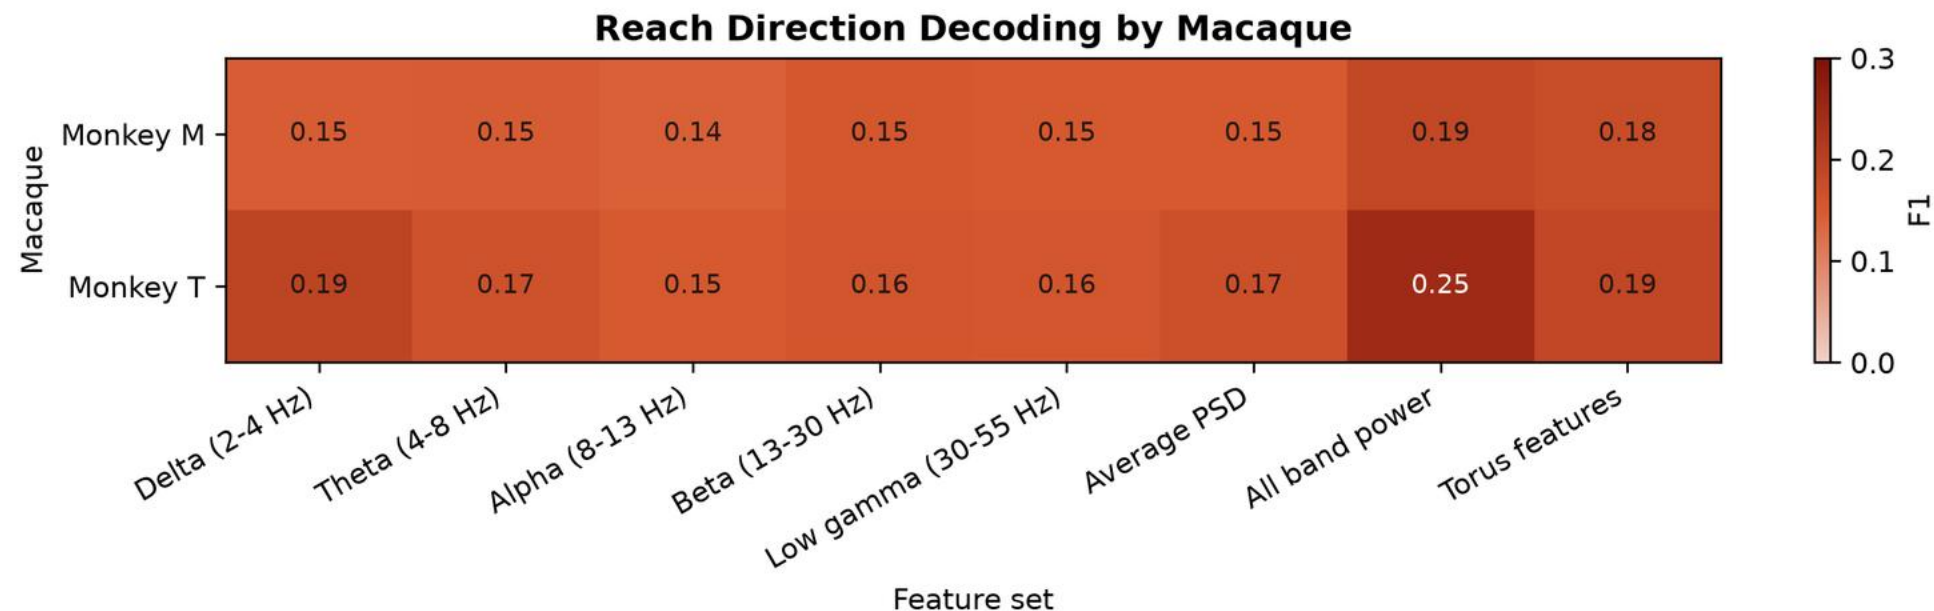

2 macaques | 6 reach directions | movement-aligned LFP | 237 complete recordings

Reach-direction decoding

Replicates by animal

Complementary geometry
